ABOUT US

Established in 2013, Minh Hung Investment and Development Jsc is the leading manufacturer and provider of mattresses, pillows, bedframes and other bedding accessories. Headquartered in Ho Chi Minh City, our products have reached many domestic and international customers under the registered brand-named **Galaxy** ★★★★★ **skype** ★★★★★

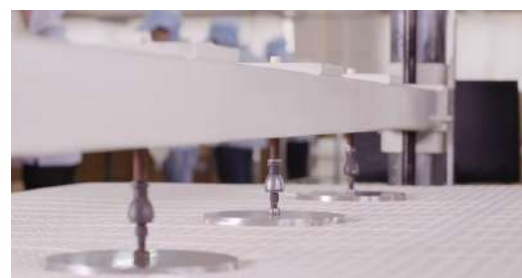

Since its early establishment days, our company is privileged to have always received a lot of trust as well as highly rated comments in terms of quality, designs, and after sales services from our customers.

At Minh Hung JSC, all of our products are being produced using the most modern production chain technology from Korea and the finished products will be strictly inspected by our factory system before reaching our dear consumers. We guaranteed that our professional producing process will satisfy all current quality standards. On top of that, we are proud to have young and talented staffs with a vast knowledge in the bedding industry as well as experiences in after sale services. These factors have greatly contributed to our success.

Just like our slogan **"Treasure The Happiness of Your Home"**!, our high-end products, Galaxy and Skype, deliver the most comfortable and affordable mattress for our most precious customers for all their bedding needs.

Last but not least, we want to express our sincere gratitude for our loyal customers who have been extremely trusting and supportive of Minh Hung JSC over the last few years. You are our inspiration to keep on doing what we do best. Thank you and please always remember; we value you!

Sincerely!

MATTRESS

COTTON

Galaxy P5, P10
skype P5, P10

Our cotton mattresses are all ventilated to promote cooling near the surface, and the coils generate steady air circulation to help the interior maintain a comfortable temperature.

The mattress protector is made of high-quality imported fabric with delicate embroidery patterns and logos.
